Dear Sir:

In response to the Office Action mailed December 15, 2006, Applicants have elected Group I, (claims 1-10), drawn to a pharmaceutical agent comprising LHRH receptor agonist or antagonist and androgen receptor agonist, without traverse. Further, Applicants have elected the preparation of Example 3 comprising leuprorelin acetate and testosterone as the species.

No amendment of inventorship is necessitated by this election.

Early allowance of the claims is requested. Should the Examiner believe that a conference with Applicants' attorney would advance prosecution of this application, the Examiner is respectfully invited to call Applicants' attorney at the number below.

Respectfully submitted,
